Design

Implement

Support

## Servers

**HPE - Dell/EMC - Lenovo**

We offer sizing, data migration, upgrades, and expertise with VMWare builds running Windows or Red Hat Linux VM's.

## Storage

**HPE - Dell/EMC - Lenovo - IBM**

We offer sizing, competitive analysis, growth plans, consolidation, and D/R design assessments to a hybrid cloud or second site.

## Networking

**HPE Aruba**

We offer wireless assessments, including wireless site design and cellular data backup.

## Laptops and Desktops

**HP - Dell - Lenovo**

We offer laptops and desktops at great prices with knowledgeable sales reps to help pick the right one for your workload.

## Legacy Equipment

We offer many legacy parts due to our strong supply chain and stock. We can also support your equipment until you're ready to upgrade.

## Services

We offer in house services including hardware support, IT vulnerability test, deployment support, asset disposal and much more.
